# WHO WE ARE

The Department of the Air Force Company Grade Officers' Council represents over 47,000 junior military officers across the United States Air Force, Air Force Reserve, Air National Guard, and Space Force. With local councils established at nearly 100 bases and installations across four regions, including Europe and the Pacific, the council enables captains and lieutenants to advance their professional development and engage in community service through volunteer projects and networking events.

## O VERCOMING BARRIERS

03

We identify and address obstacles that limit operational effectiveness, empowering CGOs to navigate challenges and enhance contributions to both their units and the community.

# HOW WE HELP

The DAF CGOC Executive Council empower councils at Air Force and Space Force units around the world through advocacy, recognition and communication to the regions down to the base-level. The DAF CGOC will coordinate and disseminate training materials and deliver the pulse of the CGO from its constituent councils to senior military leadership.
